Jeffries and Johnson Agree on the Conditions

FORFEIT OF \$5,000 POSTED

The Fight Is to Be Puled off Before July 5 Next—Ex-Champion Sullivan to Referee the Game.

New York, Oct. 30.—After a conference lasting nearly three hours, James Jeffries, retired champion, and Jack Johnson, the present incumbent, yesterday agreed to fight forty-five rounds or more to decide the heavyweight championship of the world. The articles of agreement to this effect were signed by both principals who were present at the session.

The battle is to take place not later than July 5, next year and will be held before the club donating the best purse. A side bet of \$10,000 is to hang on the outcome, each side agreeing to wager \$5,000. Five thousand dollars to be lost by each pugilist as a guarantee of good faith with Robert Murphy, proprietor of the Hotel Albany, where the meeting was held. Murphy was selected as the temporary stake and forfeit holder.

The referee will be selected later. The purse is to be divided, 75 percent to the winner and 25 percent to the loser. Johnson made a fine impression with the crowd by his willingness to concede everything. When Jeffries proposed a \$20,000 side bet, he agreed, but his manager called it off, saying that Jeffries would probably be the favorite, and that they could get odds for their money on the day of the battle.

John L. Sullivan has telegraphed from Chicago, saying that he would offer to referee the Jeffries-Johnson fight without charging a cent and would guarantee the American public an honest and fearless decision.

"John L. Sullivan always refused to meet a colored man, said Johnson, but he was always on the level and extremely fair. I'm ready to accept him as a referee if Jeffries is willing."

But Report That Olanok Did Cause Excitement.

Cleveland, Oct. 30.—A rumor that an attempt had been made to assassinate Mayor Tom L. Johnson in a downtown cafe yesterday at noon, created a sensation for a time.

The report was based upon the fact that Joseph F. Olanok, an Austrian, 38 years old, shot through a window of the cafe from the sidewalk, after he had been refused a drink inside. It happened that Mayor Johnson and a companion were entering the cafe at the moment but the mayor was not in danger.

Olanok is under arrest on the charge of violating the firearms ordinance.

Powers to Prevent Overthrow of Present Dynasty in Greece, It Is Said.

New York, Oct. 30.—In a despatch from London the Sun says: It has been said in some of the Berlin newspapers that Great Britain, France, Russia and Italy have notified the Military League in Athens that if it tries to oust the government forcibly they will intervene, being opposed to any action aiming to overthrow the dynasty. Another statement is to the effect that Turkey is prepared to join the other powers to protect the Greek throne.

The statements are disseminated in official quarters in Berlin, but they attract general attention, and there is some reason for believing that the individual countries have warned the anti-dynasts that they will get the cold shoulder if they meddle with the crown.

## DIDN'T WANT FAMILY WORRIED.

Pittsburg Millionaire Makes Request Before Taking Own Life.

Pittsburg, Oct. 30.—Edward Steinhauer, a member of one of the oldest Irish families of Pittsburg, supposed to be worth more than \$1,000,000 in his own name, killed himself in a most tragic manner yesterday afternoon. It is intimated by some interested in the stock market that Steinhauer was being plunged on the market. Steinhauer was 38 years old, unmarried, and his last thoughts were for his mother, grandmother and sisters, whom he did not want thrown into a panic by having the news of his suicide phoned, nor did he wish them to see his mutilated body until it had been fixed up. He arranged for all this just before shooting himself.

The north side millionaire yesterday afternoon slipped into the American house and registered as "W. F. Lawrence, City." He asked to be shown to a room and stipulated that the room be large, well lighted and clean. Asking that stationery be sent to his room, he sat down and wrote a letter, embodying the above details.

Lawrence then carefully removed his coat, vest and collar, and standing in front of the mirror, blew his brains out. Later the body was identified as that of Steinhauer.

## DODGE CORPORATION TAX.

Is Advice to Vehicle Makers' Association.

Chicago, Oct. 30.—Dissolution as corporations and reorganization as copartnerships was advised as a means of evading the present corporation income tax before the National association of Agricultural Implement and Vehicle Manufacturers yesterday in a report from its general counsel, C. E. Moore.

"There is but scant doubt," reads the report, "that the present income tax on corporations doing a business above \$5,000 profit a year is unconstitutional, and will be so proved, if carried to the United States supreme court."

"You should make no voluntary reports, no voluntary statements, no voluntary payments. Have the law enforced, and then comply under protest. I would advise that you surrender your charters as corporations, and form copartnerships, as the best means of evading this unjust law. If you do that, it will show the inconsistency of the law, and probably be the means of its dissolution without going to court."

**YEAR FOR CUSTOMS FRAUD.**  
Philip Musca Must Also Pay \$5,000 Fine.

New York, Oct. 30.—Philip Musca, member of the cheese importing firm of A. Musca & Son, who pleaded guilty to defrauding the government by conniving at a plan for underweighing the cheese by dishonest customs weighers, was yesterday sentenced by Judge Holt in the United States circuit court to one year's imprisonment in Elmira reformatory and to pay a fine of \$5,000.

Judge Holt, in sentencing Musca, commended the work of the government authorities in their effort to stamp out wrongful practices in the customs service. Judge Holt said: "It is perfectly apparent that conditions of corruption existing have led this young man to resort to the frauds. In my opinion, the gentlemen who are now charged with the administration of the customs house are making efforts to stamp out corruption. The government has begun to investigate the cases and a sincere and resolute effort is now being made to put a stop to conditions to which the predecessors of the present administration have not given sufficient attention."

## TURN ON COOK IN MONTANA

Explorer Denounced in Resolution by Audience

HE HAD JUST ADDRESSED

He Is Confronted by Barrill—Goaded into Making Affidavit of Mount McKinley Climb—Reiterates Charge of Bribery by Fox.

Hamilton, Mont., Oct. 30.—After a stormy session lasting till midnight, a meeting addressed by Dr. Frederick A. Cook last night adopted a resolution expressing confidence in the veracity of Barrill and Printz, the guides who made affidavits that Cook did not climb Mount McKinley.

The meeting started with an address by Dr. Cook, who attacked his enemies for disputing his claim to having reached the summit of Mount McKinley, and declared he would prove they had spent money corruptly to obtain the affidavits against him.

Attorney Crutcheff, attorney for the guides, questioned Cook after his address and then the excitement broke forth. Crutcheff challenged Cook's statements. This brought on a discussion, the fellow townsmen of the guides taking sides.

A member of the audience offered a resolution at this point asking that the meeting declare a lack of faith on the part of the people of Montana in all matters about which Dr. Cook made claims.

Attorney Roland White of San Francisco, who was in the audience, rose, and as a citizen made a plea for fair play. Senator Joseph M. Dixon of Montana also urged that fair play be accorded all parties to the controversy. Neither those who were opposed to Dr. Cook nor his friends would accept the resolution just offered, and it was withdrawn by its author.

Edward N. Barrill, the guide who accompanied Dr. Cook up Mount McKinley, was called on, and, taking the platform, declared that Dr. Cook's statements that they reached the top of Mount McKinley were incorrect. Dr. Cook replied by asserting to Barrill's face that the latter's statements were false.

The excitement at this point was intense. Barrill demanded to know why Cook did not make an affidavit to the effect that he had sealed Mount McKinley. The challenge had no sooner been issued than it was accepted by the doctor, and an affidavit was made by the explorer on the platform, in the presence of the audience. In it Dr. Cook declared that he ascended Mount McKinley that Barrill was with him at the time, and that the records of his ascent were left on the summit of the peak.

The dispute then waxed warmer. Barrill's attorney and friends denouncing Cook's statements, while friends of the doctor contended for fair play. Attorney Wagner then presented this resolution: "We, the people of Hamilton and Ravalli counties, assembled, after patiently listening to the charges and counter-charges exchanged by the parties to the Mount McKinley controversy, do declare our firm belief in the veracity of Edward Barrill and Frederick Printz."

This was carried by a large majority, and the meeting was closed amid intense excitement. Later Dr. Cook said he did not care to discuss the result at present.

Banks was detained pending a searching investigation, which the authorities have instituted.

## IS WITH TAFT, BUT HE ISN'T

President Pushing Uncle Joe to an Admission

POSITION ON WATERWAYS

The Speaker, However, Confines Himself to Scriptural Quotations. Boats Behind Schedule Time.

Baton Rouge, Oct. 30.—The schedule of the Taft fleet on the Mississippi river went to smash again yesterday. The president was two hours late in getting into Natchez yesterday morning and three hours behind time in reaching this city last night. It was 11 o'clock when President Taft's boat tied up at Baton Rouge. The boats carrying the twenty-five governors, the 177 congressmen and the host of deep waterway boosters, stuck closer to the president's flagship yesterday and the run from Vicksburg to this city was made without chartering a single train. The river junket will end at New Orleans at noon today.

The thing that stands out strongest in the Taft trip down the river is the president's persistent badgering of Uncle Joe Cannon. Uncle Joe ducked and dodged, but the president drove him into an open declaration on waterways. The speaker has made it plain that he is opposed to President Taft's plan of issuing bonds for the improvement, but the president is still nagging him. "All I can agree to do," said the president yesterday in a speech before the St. Louis Business Men's league, "is to keep punching Uncle Joe up to the point where he may make an admission, and if I accomplish that feat between St. Louis and New Orleans, I shall have done something equal to the work which presents itself to the engineers in improving this river."

In another speech the president referred to the speaker's Biblical quotations on the trip down the river. Uncle Joe has sought to create the impression that he is with President Taft on his waterway program, but there has always been a "but" or two attached to his endorsements, usually in the form of Biblical quotations.

"I observe," said the president, "that there has been considerable curiosity along the shore in reference to Uncle Joe's attitude, and he, by reason of his familiarity with the Scriptures, has been able to cloud what he really thought in the language of that oriental literature, which carries him on in a blaze of glory without a full commitment. All I have to say in the presence of this distinguished statesman (Uncle Joe), is that he heretofore has endorsed all I have said, with certain scriptural qualifications, and I am willing to endorse all that Uncle Joe says, if I may be permitted to search through the Cruden Concordance and get a few scriptural quotations."

In other words, Uncle Joe is with President Taft, but he isn't, and the president is glad to give him the same kind of endorsement. Shortly after his arrival here the president retired.

## LITTLE LEFT FOR THE WOMEN.

Judge Grosscup Names a Few Professions for Which They Are Not Fitted.

Chicago, Oct. 30.—"You can't be theologians, because you haven't the power of analysis; you can't be lawyers, because you are devoid of the reasoning faculty; you are not successful scientists because you can consider only one detail at a time; you are only occasionally successful in business and you succeed only in those branches of medicine which can be for the exercise of the nursing instinct."

Federal Judge Peter S. Grosscup told the women of the Oseoli club, the women's auxiliary of the Highland Park club, all these things Thursday night in an address at a club meeting. But he escaped the vengeance that might otherwise have been wrought upon him by telling the women a lot of things they can do and which they must do if this old world is to roll along unchanged in the course mapped out for it.

"But," he said, "I wish to present an analysis of women's work from my point of view. The only woman lawyer I know who is a success in her profession began her career by being put in jail for contempt of court for throwing a pitcher of water at a judge who overruled her motion."

"I'll tell you what women can do. The feminine mind is the complement of the masculine mind. With but one of them in existence the world would soon become a dreary place of existence and few generations its population would disappear."

## 30 Years of Success

Red Cross Pharmacy Offers a Remedy for Catarrh—The Medicine Costs Nothing If It Fails.

When a medicine effects a successful treatment in a very large majority of cases, and when we offer that medicine on our own personal guarantee that it will cost the user nothing if it does not completely relieve catarrh, it is only reasonable that people should believe us, or at least put our claim to a practical test when we take all the risk. These are facts which we want the people to substantiate. We want them to try Rexall Muc-Tone, a medicine prepared from a prescription of a physician with whom catarrh was a specialty, and who has a record of thirty years of enviable success in his record.

We receive more good reports about Rexall Muc-Tone than we do of all other catarrh remedies sold in our store, and if more people only knew what a thoroughly dependable remedy Rexall Muc-Tone is, it would be the only catarrh remedy we would have any demand for.

Rexall Muc-Tone is quickly absorbed and by its therapeutic effect tends to disintegrate and cleanse the entire mucous membrane tract, to destroy and remove the parasites which injure the mucous tissues, to soothe the irritation, and heal the sores, stop the mucous discharge, build up strong, healthy tissue and relieve the blood and system of diseased matter. Its influence is toward stimulating the mucous cells, aiding digestion and improving nutrition until the whole body vibrates with healthy activity. In a comparatively short time it brings about a noticeable gain in weight, strength, good color and feeling of buoyancy.

We urge you to try Rexall Muc-Tone, beginning a treatment to-day. At any time you are not satisfied, simply come and tell us, and we will quickly return your money without question or quibble. We have Rexall Muc-Tone in two sizes, 50 cents and \$1.00. Remember you can obtain Rexall remedies in Barre only at our store—The Rexall Store, Red Cross Pharmacy, Bart H. Wells, proprietor.

## AHEARN'S REMOVAL UPHELD.

Hughes' Act Sustained by the Court of Appeals.

Albany, N. Y., Oct. 30.—John F. Ahearn was illegally elected to the office of president of the borough of Manhattan, New York city, by the board of aldermen, after he had been removed from office by Governor Hughes upon charges, according to a decision yesterday in the court of appeals.

Governor Hughes found Ahearn guilty of charges of misconduct in office. Following his removal the board of aldermen re-elected him for the term for which he had been originally elected. Quo warrant proceedings were begun by the attorney general to oust Ahearn from office. Supreme Court Justice McColl decided in favor of the borough president, but the appellate division reversed Justice McColl's decision and is sustained by the court of appeals.

President Ahearn's term expires Dec. 31. The court of appeals was divided in its decision. Judges Hiseock, Edward T. Bartlett and Gray each wrote opinions affirming the order of the appellate division. Judge Cullen wrote the dissenting opinion and is concurred in by Judge Chase. Judge Willard Bartlett did not sit.

Governor Hughes ordered Ahearn removed from office on the charges preferred against him by the City club of New York, holding that the "neglect and misconduct" alleged to exist in the borough president's office "were for the most part made possible because of the want of that administrative care which it was the plain duty of the borough president to exercise."

**RAPID TRANSIT FOR BROOKLYN.**  
Fourth-Avenue Subway Is to Cost \$15,000,000.

New York, Oct. 30.—The judicial determination of New York city's debt limit—the court of appeals having recently found that the city had more than \$80,000,000 borrowing capacity—resulted yesterday in action by the board of estimate, which will result in further subway extension. The board voted \$15,000,000 for construction of the Fourth Avenue subway in Brooklyn, and approved the contracts for the work. This will give rapid transit to a large growing section of Brooklyn, and eventually open up a new and fast route to Coney Island.

New York, Oct. 30.—The list of bills of sale of independent concerns to the American Ice company was further augmented yesterday by Deputy Attorney General Clark, who continued reading the documents to the jury in the trial of the American Ice company for alleged violation of the anti-monopoly law. Many of these concerns had been acquired by the Consolidated, Crystal Lake and other companies, which later turned them over to the American Ice company. Reading of this documentary evidence occupied the greater part of the session yesterday.
